Ms. Vivian Aucoin

Baton Rouge, LA 70821-4314

Dear Ms. Aucoin:

Our office has reviewed the Louisiana Department of Environmental Quality's proposed revisions to the Low Enhanced Vehicle Inspection and Maintenance Program State Implementation Plan (SIP), prepared in accordance with 40 CFR Part 51. We can support the revision.

The change to this SIP is a waiver of inspection for the most recent two model years as mandated by the Louisiana Legislature. The modeling demonstration included in the proposal shows that the performance standard will continue to be met when the first two model years are exempted.

We appreciate the opportunity to comment on this proposed SIP revision. If we may be of any assistance to you in the future, please feel free to contact me or Sandra Rennie of my staff at (214) 665-7367.

Sincerely yours,
